One of the representations of sounds made together with "boom," "rattle tattle," and "tap" by the action described in "Drummers Drumming," as part of The Cat in the Hat Song Book. Based on the portion of the Universe we see, we can state that if the Universe is finite and does curve back on itself, it must have at least millions of times the volume of the portion we can see, with no upper limit to that figure. As to what is next: I have a collection of short stories, most of them published in various magazines, but a few that are yet to come.
