The ancient city of Turin, instead, had a court imposed upon it, and here the closest models are Madrid, where the court had a vacillating presence until the second decade of the seventeenth century, and, especially, Modena, which found itself the adopted home of the Este court only after the dynasty 's principal duchy of Ferrara had escheated to the papacy in As is well known, it was during the reigns of Carlo

Emanuele I that Turin decisively assumed the role of capital and the Sabaudian court increased in size: a cosmopolitan court, that was originally bilingual with an ambitious though changing foreign policy, also as a result of its strategic position in Europe's geopolitical arena Instead they sought out higher forms of legitimization.
