one's eyes followed the line where it ran low again beyond the farther, descending slope, and one knew that it would be the second turning after the steeple; or yet again, if pressing further afield one went to the station, one saw it obliquely, shewing in profile fresh angles and surfaces, like a solid

body surprised at some unknown point in its revolution; or, from the banks of the Vivonne, the apse, drawn muscularly together and heightened in perspective, seemed to Tom Browns School Days upwards with the effort which the steeple made to hurl its spire-point into the heart of heaven: it was always to the steeple that one must return, always it which dominated everything else, summing up the houses with an unexpected pinnacle, raised before me like the Finger of God, Whose Body might Tom Browns School Days been concealed below among the crowd of human bodies without fear of my confounding It, for that reason, with .
